The Century of Brain Computation

2009 International Joint Conference on Neural Networks

The Century of Brain Computation!

14-19 June, 2009

Atlanta, Georgia, USA

IJCNN 2009

The Century of Brain Computation

IJCNN is the premier international conference in the area of neural networks theory, analysis and applications.

It is organized by the International Neural Networks Society, co-sponsored by IEEE Computational Intelligence Society.

This is an exemplary collaboration between the two leading societies on neural networks and it provides a solid foundation for the future extensive development of the field.
